Letter from Our Event Chair, Monique Ashton

Dear MKHC Supporter:

As our community continues to endure the challenges from COVID and so much else, we can easily become overwhelmed. Amidst this turmoil, I am constantly reminded of the resilience and caring of this city where I live and serve. The people of Rockville, and Montgomery County, have shown their resilience, and their desire to be partners in our community by being vaccinated, caring for their neighbors, and treating each other with respect. This sense of community, of neighborhoods, of working together, is why my husband George and I chose to raise our family here. We want to instill those values in our children and to have them see the strength of a community that cares for and partners with each other so we may all grow to become our best selves.

When I was invited to chair the event committee for Mansfield Kaseman Health Clinic (MKHC) Nurturing Trusted Healthcare Partnerships, I immediately said “yes!” The words alone expressed values I believe in – Nurturing, Trusted, Partnership. These are important pieces of every healthy community. They are not only words for MKHC; they describe the work and the values of the staff, volunteers and full MKHC community.

Thank you for joining us tonight at this second MKHC Virtual celebration. I hope by the end of the evening you will have a better understanding of the part MKHC plays in maintaining the physical health of our neighbors, and our overall community health. I hope we will have clearly illustrated the importance of partnerships and how MKHC nurtures those relationships with patients, other healthcare organizations, and our local governments.

Since you are here this evening, I assume that you care deeply about the health of our community, as I do. I assume you are, like my family, a supporter of MKHC. Thank you for sharing the value of community and MKHC. Please support the important work of Mansfield Kasemen Health Clinic this evening and throughout the year.

Thank you for joining me this evening,

Monique Ashton

Dear Friend,

We are so pleased you have joined us tonight to celebrate “Nurturing Trusted Healthcare Partnerships,” an event dedicated to honoring the partnerships MKHC has built in our community. We love what we do and strongly believe in our mission to provide quality, culturally appropriate medical care to adults who are medically underserved. We know that we cannot do this without the help of others in our community.

In order to provide the best care possible, MKHC works with other trusted healthcare providers. We share information, serve patients who were first seen by our hospital partners, and ask our partners to provide health services we do not have in-house. We work alongside local officials to educate our community on safe health practices. We strive to share our skills to best care for our community and share the services of our partners with our patients.

That covers one of the words in tonight’s theme – Partnerships. Another very important word is Trusted. We honor the trust of our patients and our healthcare partners. In turn, MKHC partners with those that we trust. Because of trust, our patients return for follow-up appointments or when they have another health issue. Because of trust, our patients follow the health recommendations of our medical providers.

The third very important word is Nurturing. That is the action word. In order to be successful in having and giving trust, and in partnerships, we must nurture our relationships. We continually nurture our connections with patients, other healthcare organizations, community leaders, staff, volunteers, and supporters. Nurturing is an action that must be ongoing if we want a healthy community.

Thank you for joining us this evening as we share how we live these three very important words. Thank you for helping us honor our partners and nurture our community. Enjoy the evening and make sure to let us know how else you want to partner with MKHC to support our medically underserved neighbors.

With Appreciation,

Donna R. Perry, MD

AUCTION RULES AND PROCEDURES

Rules

1. All bids are final. Before making a bid, please note any restrictions and specifications carefully. Unless otherwise specified, dates and times of services or the use of facilities are to be arranged mutually by the donor and buyer.
2. Unless otherwise specified, the use of auction items involving services or facilities must be completed by October 28, 2022.
3. All auction items are sold “as is.”
4. Values indicated for auction items are good faith estimates of the value of the items furnished. We are required to provide these by the Internal Revenue Service. Any amount paid for the goods or services in excess of this estimate may be considered a charitable contribution. Where it is not possible to establish an independent value for one-of-a-kind items, the purchase price will be presumed to be the fair market value. Consult your own tax advisor as to the charitable deduction that may be allowed for any item you purchase. Community Reach of Montgomery County is recognized as a Section 501(c) (3) organization by the Internal Revenue Service. As a subsidiary of Reach, MKHC donations fall under the Reach IRS recognition.
5. All sales are final. Arrangements for services must be negotiated between the purchaser and the donor.
6. Payment may be made by Mastercard, Visa, American Express, Discover, or personal check. Item won will be mailed or delivered to the winner upon full payment. Payment can be made online at www.CMRocks.org. Use the “Donate” button and add note for Auction payment, or use the link in the email sent after the Gala. Please make sure to include the address for item delivery, or email address to AndreaKWink@CMRocks.org. If paying by check, please add a note in the mailed envelop with address for item delivery. Please make payment no later than November 12, 2021. Contact Reach at 301-637-0730 with questions.
7. The buyer waives any claims for liability against either Reach or the donor of the property or service. Neither

Reach nor the donor is responsible for any personal injuries or damages to property that may result from the use of the property or service sold, and make no representations regarding the quality, safety, condition or any other characteristics of the property or services.

8. The amount bid is the final amount unless Maryland State Sales Tax applies to any portion of the purchase. If so, sales tax will be calculated and added to the final accepted bid to receive the total purchase price.

Procedures

1. To bid, a bidder uses the “chat” feature of the webinar platform.
 - a. Make sure to use “Panelists and Attendees” so everyone can see a bid.
 - b. Add your bid amount followed by your first initial and last name. Example, for John Smith to bid \$150, pull up “chat,” make sure the words after your screen name says “Panelists and Attendees,” type “150 J Smith.” Quickly click the “enter” key and look at the chat line to confirm your bid was sent.
3. Bids must be made promptly.
4. All bidders must be recognized by the auctioneer.
5. The auctioneer will acknowledge the highest bidder as the purchaser by repeating the final bid and the bidder’s name. Bidder confirms information by using the “chat” feature to “Panelists and Attendees” to type final purchase price and full name of winning bidder including address for delivery of item.
6. If the auctioneer determines a bid is inadequate for the value of the article offered, he may reject the bid and withdraw the article from sale.
7. In the event of a dispute, the auctioneer will make the final decision.
8. Item will be delivered to winner by mail or in person within two weeks of full payment unless other mutually agreeable arrangements are made between Reach and winner.
